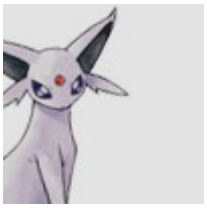
[drabble] Breakdown

- Aug. 19th, 2011 at 5:46 PM



Title: Breakdown.
Fandom: Supernatural.
Rating: PG.
Warnings: Dark, insanity.
Pairings/Characters: Lucifer, Michael.
Word Count: 100 exactly.
Summary: Minutes after Lucifer and Michael arrive in the Cage.
Note: It doesn't seem right when a header is longer than the fic itself. Ah, such is the way of drabbles.

I may expand on this idea later. I don't think there's enough fic out there examining the effects of his imprisonment on Lucifer.

(Lucifer is reduced to helpless laughter in the Cage.)

Lucifer is reduced to helpless laughter in the Cage. He sags against a wall and laughs, and laughs -

Michael stares at him, and Lucifer covers his face. He muffles a sob, and it's a full minute before he moves again.

He stands and faces Michael, reaching out to him, desperate.

Michael jumps back, wary, and Lucifer stands still, hands outstretched.

"What now?" He asks.

Michael can only jerk his head as a response. Even if it leaves Lucifer to fold and drop down to the floor again, and Michael stares at him. When -

When did his brother *break*?
